Education

Bs-CS

Vishwa Vishwani Institue of Systems and Mangement

2022 – 2026 | Medchal - Malkajgiri

- GPA: 7.6

Intermediate

Trinity Junior College

2019 – 2021 | Karimnagar

- Percentage: 97

x-class

Vasant Valley High School

2018 – 2019 | Karimnagar

- GPA: 9.7

Skills

- Python
- Java
- Django
- SQL
- HTML, CSS
- Git, GitHub
- Problem Solving
- Effective Communication

Objective

Computer Science student proficient in Python, SQL, and Django. Passionate about backend engineering and building scalable applications; seeking an internship to apply technical skills in a dynamic team.

Experience

Infosys Springboard

Python Intern

10/2025 – 12/2025

Project: Smart Stock Inventory Optimization for Retail Stores

- Applied Python libraries (NumPy, Pandas) to analyze data and solve inventory optimization challenges.
- Tech Stack worked on: python, pandas, numpy, plotly, matplotlib, streamlit

Projects

TaskMate

- Engineered a Django backend with full CRUD functionality, allowing users to manage task titles, deadlines, and categories
- Implemented secure user authentication and server-side pagination to efficiently handle large task lists

HireXtract (AI-Powered Resume Parser)

In Progress

- Developing a system to extract and structure data from resumes using Python and SBERT, SpaCy
- Processing unstructured text to automate hiring workflows and provide data insights.

Certificates

Complete Backend Development Bundle

Udemy

Python Boot Camp: Zero to Hero

Udemy

Database Programming with Oracle SQL
