## 🎓 EDUCATION

### BS-CS

Vishwa Vishwani Institute of Systems and Management  
2022 – present | Secundrabad, India  
CGPA:7.59

### Intermediate

Trinity Junior College  
2019 – 2021 | Karimnagar, India  
Board: Telangana Intermediate Board  
Percentage : 97%

### X-Class

Vasant Valley High School  
2019 | Karimnagar, India  
Board : SSC Board  
GPA : 9.7

## 💡 SKILLS

### Technical Skills

- Python
- Java
- SQL
- Django Web frame work
- Restful APIs
- Frontend : HTML,CSS
- Version control : Git,GitHub

### Soft Skills

- Problem Solving
- Efficient Communication
- Team Work
- Time management

## 👤 PROFILE

Dedicated and goal-oriented Computer Science student with a strong foundation in Python, SQL, and web development. Passionate about backend development, and problem-solving, with hands-on experience . Enthusiastic about building scalable applications . Seeking opportunities to apply and expand my skills in real world projects and internships.

## 📁 PROJECTS

### WEATHER DETECTOR

- Developed a weather forecasting web application using Django that allows users to check real-time weather conditions for any city worldwide.
- The application fetches weather data from an external API and presents it in a user-friendly interface.
- Key Features:
- Search by City – Users can enter any city name to get real-time weather updates.
- Weather Details – Displays temperature, humidity, wind speed, and weather conditions.
- API Integration – Fetches data from a weather API (e.g., OpenWeatherMap).
- Dynamic Updates – Displays real-time weather changes upon search.

### Taskmate

- Developed a task management web application using Django that allows users to create, organize, and track their daily tasks efficiently.
- The application helps users stay productive by offering task management with a clean and responsive interface.
- Key Features:
- User Authentication – Users can sign up, log in, and manage their personal task list securely.
- Task Creation – Users can add tasks with a title, deadline, and category (Work or Personal).
- Task Status Tracking – Mark tasks as completed or pending with just a click.
- Responsive UI – Built with Bootstrap for a clean, mobile-friendly interface.
- Pagination – Task list is paginated for better readability and navigation.

## 📎 CERTIFICATES

- The Complete Python Boot Camp Zero to Hero - Udemy
- Database Management Systems - Infosys
- Java For Beginners-Infosys
- Database Programming with Oracle SQL-Skill Sigma
